SPECIAL NOTICE

MAWSON LAKES GOLF CLUB POLICY IN REGARDS TO THE CORONAVIRUS

The Mawson Lakes Golf Club priority is the health and wellbeing of our members, volunteers, our golfers and our community. As a club, we are committed to doing all that we can to reduce the risk of COVID-19 (Coronavirus) entering or being passed on within our community. We continue to monitor the situation and to follow guidelines from the Australian Government Department of Health and other relevant authorities in our response to the Coronavirus outbreak.

To help minimize any spread of illness, it is important that people who travel overseas follow the Government's guidelines regarding isolation.

We feel it necessary to inform you of the precautionary measures we are taking as a club. We are taking an informed approach that is sensible, balanced and based on advice from appropriate health authorities. These preventative measures are in place for everyone's protection and may impact the contact you have with our people.

VISITING OUR CLUBROOMS: MEMBERS, GUESTS, SUPPLIERS AND CONTRACTORS

The Australian Government advises that people who have travelled anywhere overseas in the past 14 days and have COVID-19 symptoms (especially fever or a cough) should seek testing at an official COVID-19 clinic, or alternatively contact their GP. Importantly, people should call ahead first so their medical providers can prepare for their visit and advise of travel history.

We ask that anyone visiting our golf course especially the clubrooms follow this advice to ensure their own safety as well as the safety of our other members, guests, suppliers and contractors, our volunteers and the public.

For MLGC members, guests, suppliers and contractors who have travelled from or transited through any international location in the last 14 days, do not enter our clubrooms unless absolutely necessary.

Additionally, if members/guests etc. that are experiencing any symptoms (or have been in contact with someone with suspected or confirmed COVID-19), we ask that they not enter our Clubrooms and instead arrange alternative means if you need to be contact with the club

Mawson Lakes Golf Club provides hand sanitisers rooms to promote a healthy workplace, and we encourage visitors (and our people) to adhere to normal handwashing and hygiene practice

If playing in groups please take measures to ensure your safety & that of others which include staying at least 1.5m away from your playing partners if they exhibit any symptoms, not shaking hands & being mindful of good hygienic practices.

Happy Golfing & we will keep Members & Guests up to date on any changes, the wellbeing of our Community is paramount.

Regards

Peter Thomson – President Brett Strickland – Vice President
